

From the desk of the Commander
521st Air Mobility Operations Group Det 5 (AMC)
JOINT BASE BALAD, IRAQ

29 May 2009

Dodge:
Mr. Huang.

Here is a Flag/certificate and a group photo of our team here at Joint Base Balad, Iraq. We present this to you for your support you have given to those who serve in the military at home and all over the world. The Jackals, as we are known, are from McGuire AFB, New Jersey and from Travis AFB, California, providing en-route support to both C-17 Globemaster III's and to C-5A/B/C Galaxy aircraft. They are perhaps the best group of Maintenance folks in the world.

Professional, motivated and protect America everyday....

Once again, please pass onto all the Firenock employees a heartfelt "Thanks" for all you do for the Military.

I can't wait to return to try out my new nocks.....
